## 2001 SUPPLEMENTAL APPROPRIATIONS ACT

SPEECH OF

**HON. RICK LARSEN**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 21, 2001*

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2216) making supplemental appropriations for the fiscal year ending September 30, 2001, and for other purposes:

Mr. LARSEN of Washington. Mr. Chairman, I rise today in strong support of the Slaughter/Dicks Amendment and to highlight the importance of NEA and IMLS funding for the small towns in my own district.

Last year's NEA funding increase created the Challenge America program, to help smaller communities gain access to the arts. The Arts Council of Snohomish County in my home district was one of the first organizations to receive this grant. This organization offers weekly art classes to juvenile offenders, many of which have no adult role models in their lives, and provides them with opportunities to express creativity and interact in a forum outside of a detention center. Without this grant, the program would have had to cut back drastically or even be eliminated. That would be truly unfortunate, Mr. Chairman, because it is programs like these where the arts can provide hope and opportunity for troubled youth. Challenge America is doing great things for youth in my district, yet this program would not exist if the NEA did not receive increased funding last Congress.

I would also like to offer my support for IMLS, which also funds key services in my district. The Museum of Northwest Art in La Conner—a town of 900—received a key grant from the IMLS to help attract more tourists to the Skagit Valley region in my district. Because of the IMLS grant, La Conner brings in many more visitors who come to experience the Skagit Valley, thereby boosting their econ-

omy. Unfortunately, other museums in my district do not receive funding because of the lack of IMLS funding. The executive director of the Whatcom Museum contacted me earlier this year to share his frustration that the Whatcom Museum and Bellingham Library were denied important funding, not because of their qualifications, but because of the lack of funding for the IMLS. The Slaughter/Dicks amendment will provide key funding increases for the IMLS, and help small libraries and museums in districts like mine continue to flourish and reach out to the community.

Mr. Chairman, let's continue to show our support for the arts, the humanities and our museums and libraries by supporting the Slaughter/Dicks amendment.

TRIBUTE TO PEGGY RABIDEAU,  
BRAD OTT, NOELLE CANNON  
AND BETH BESAW

**HON. JOHN M. McHUGH**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 25, 2001*

Mr. MCHUGH. Mr. Speaker, it is with great pleasure that I rise today to recognize the contributions of Peggy Rabideau, Brad Ott, Noelle Cannon, and Beth Besaw—teacher, principal, reading specialist, and school nurse, respectively—at Morrisonville Elementary School in my New York 24th Congressional District.

On June 29, Peggy, Brad, Noelle, and Beth will be honored at the Time Capsule 2000 Dedication Ceremony taking place at Red Cross Square here in Washington.

For the last five years, under Peggy, Brad, Noelle and Beth's supervision and leadership, students at Morrisonville Elementary School have been involved in a Junior Red Cross program. Morrisonville is the only school in the area involved in such a program.

In 1996, the group was presented with an award by the New York State Red Cross for holding a fundraiser to help families impacted by the flood in Morrisonville. The group had hoped to raise \$10,000, but, in fact, raised \$22,000 to help the victims of the flood.

That same year, the group designated January as Community Contributor month. In the second year of this program, the group made "comfort packs" containing books and stuffed animals, among other items, and contributed them to the local hospital.

The group has also worked with the Humane Society and, in 2000, sent 12 cartons to Nicaragua containing food and other supplies.

The group's contribution to the time capsule will include a "comfort pack," a copy of the 1996 award the group received, T-shirts designed by two of the students, a button that was made for the ice storm volunteers, and the names of 22 children and their social security numbers so that they can be contacted in 50 years when the time capsule is opened.

Mr. Speaker, I am honored today to recognize the contributions Peggy, Brad, Noelle, Beth, and their students have made to their community. Theirs is truly a tremendous accomplishment, and, on behalf of the community which they serve, I offer them my congratulations and thanks.

## 21ST CENTURY MONTGOMERY GI BILL ENHANCEMENT ACT

SPEECH OF

**HON. CHARLES B. RANGEL**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 19, 2001*

Mr. RANGEL. Madam Speaker, I rise today in support of the passage of H.R. 1291 that amended the Montgomery GI Bill which would greatly increase the appropriations for our veterans who are seeking higher education. Under the GI Bill veterans would receive \$800 a month—a \$150 a month increase—during fiscal year 2002; \$950 in 2003; and \$1,100 in 2004. These funds are essential in order to keep up with soaring education costs.

One of the biggest reasons why I'm such a staunch supporter and believer in the Montgomery GI Bill is because I was a beneficiary. Following my service in the Korean War, the subsidy provided under the program allowed me to attend and graduate from New York University and St. Johns Law School.

Madam Speaker, fellow congressman, even though I would have liked more Democratic input in the bill, I am satisfied with the final product. H.R. 1291 is a piece of legislation that veterans and all Americans can be proud of.
